

# THE WORKS CAPE S

VOLUME 2

Fox Rose

**2025 was the last and final conflict between the Corporation and the US puppet state currently run by Television star Donald Trump. The first major phase occurred in 2020 when a virus was released from an overseas American bioengineering lab; a vaccine that induced a mass iatrogenesis killed millions, government officials included in the pile... the ones who mandated it only lived an extra 3 years. This would be the last time I would ever see Mike Hitson...**

Jimmy Lethal's excuse was that he worked hard and he  
deserves a fuck

The drunk justifications to perpetuate any degree of  
domestic heinousness as long as the outward appearance  
towards society was productive

upon arrival he disclosed his desire to crossdress and  
to transition utilizing the unsubstantiated hormonal  
treatments provided by Amazon which were clearly  
affecting his emotional stability

here there were no judgments only the sounds of a  
screeching banshee to drive backwards the progress I  
had made

money becomes God and profit becomes morality, for you  
are what you own in the post-industrial United States

status symbols are an echo of a dead world.

it's difficult to make human progress unless you  
sacrifice everything. human progress became defined as  
obedience to authority particularly the puppet  
government.

you no longer had to leave the system to advance in any  
ethereal sense but rather to obey and consume and to  
be a good citizen.

Thus the Hivemind was created.  
Disobedience was death, alternative lifestyles were death.

and be sure to remain 6ft apart...

Big Log by Robert Plant plays on the radio while sitting  
on Lethal's couch making battle plans to skip a Greyhound out  
of Mount Hope...

empty beer cans and cardboard boxes from Sonic's litter  
every square inch of his majesty's coffee table.

His mother asked if I felt any kind of energy coming from  
her with her hands on my forehead doing some kind of  
"hippie shit" as Jimmy put it. I didn't have the ego to tell  
her that she was sick and empty inside and that I felt  
nothing but repulsion and vile. Jimmy's eyes turn black.  
Somehow I must be imagining this...

**BABY... COME AND LAY DOWN WITH ME**

**My name is Fox... and I have to do some work to do m...  
BUT BABY.. COME! I DESERVE IT, I WORK AND I'M TIRED.  
I'm pretty sure we both have incomes...  
I KNOW BUT BABY... WHY YOU TREAT ME LIKE THIS?**

**...?**

**SNUGGLES... MANDATORY...  
I am trying... to find... a job, Jimmy  
I KNOW... NOW 'SNUGGLEZ!'**

**\*RUBS ASS ON FOX\*  
Dood WTF?!?**

**IM SORRY  
IM JUST HYPER-  
SEXUAL**

**\*CONTINUES TO  
FORCE IT\***

**Why cant you accept not for m?!**

Their cravings became rabid and animalistic...

I was incredibly hammered that night.

---

The vaccines induced an Alice in Wonderland style of bodily dysmorphia to which men began cutting and shaping their bodies and their hair in order to compensate for the perceived changes some of which were in fact actually real.

parts of the body begin to rapidly expand where others shrink.

Fantasies about a return to innocence before the Corruption, plagued the general population, a desire to return to the Garden of Eden and other religious psychosis about good versus evil.

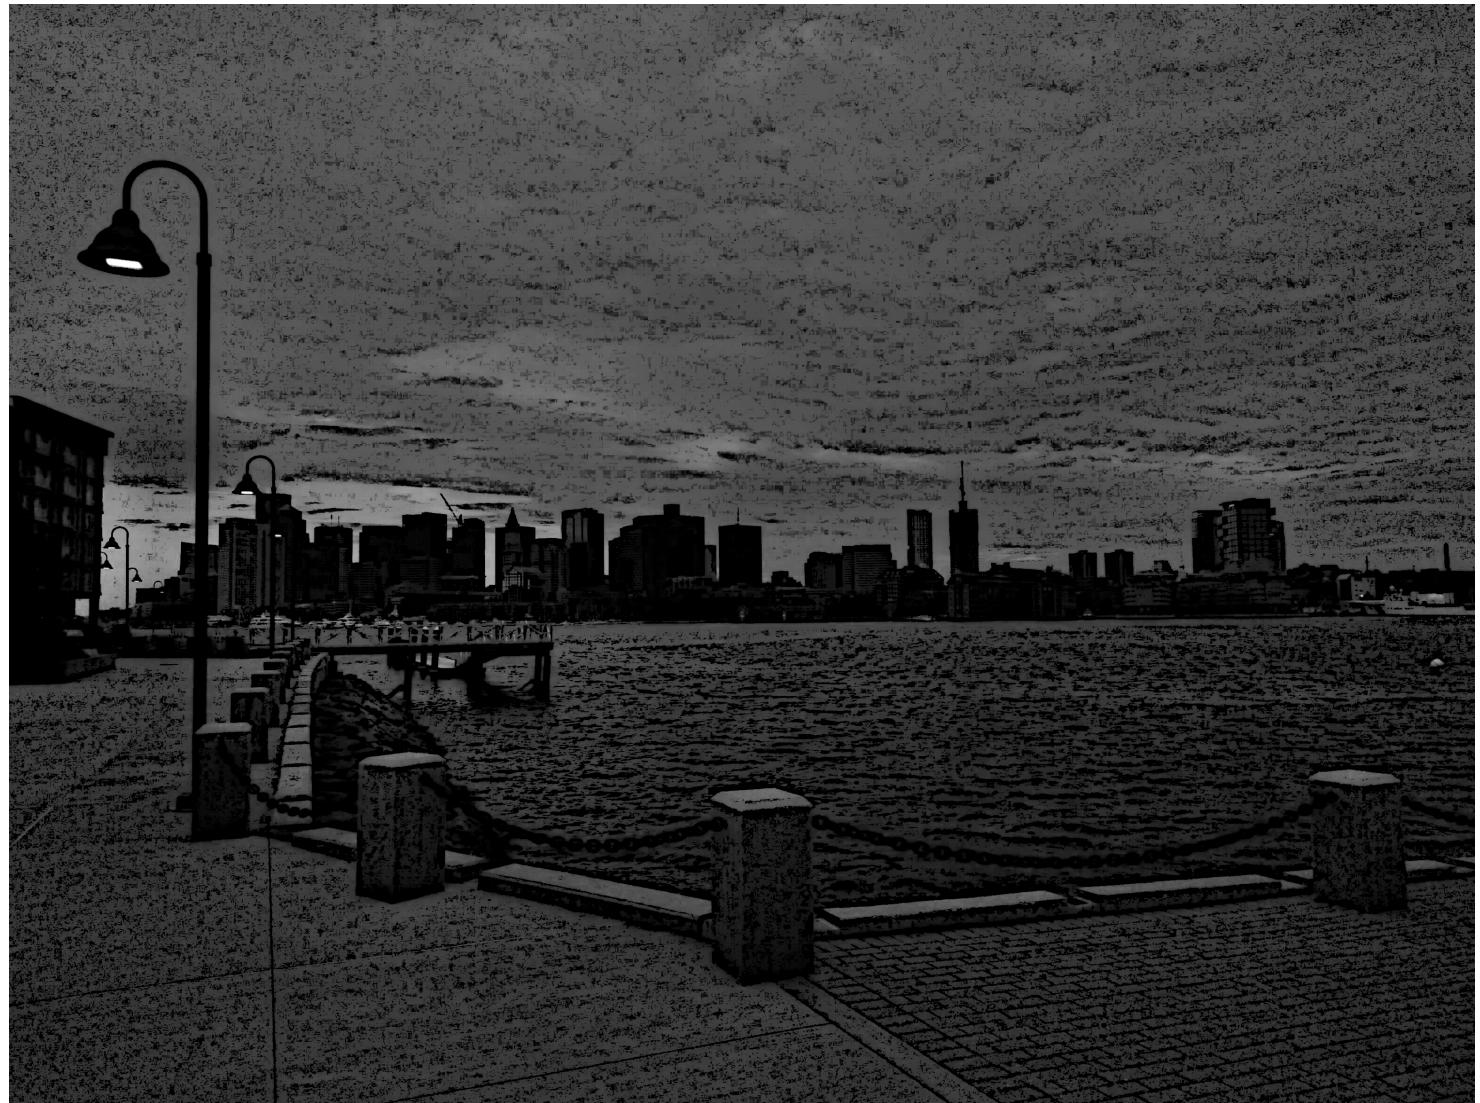

Aggression and rapid sexual tendencies prevailed and a category of serial rapes occurred en-mass for over 3 years

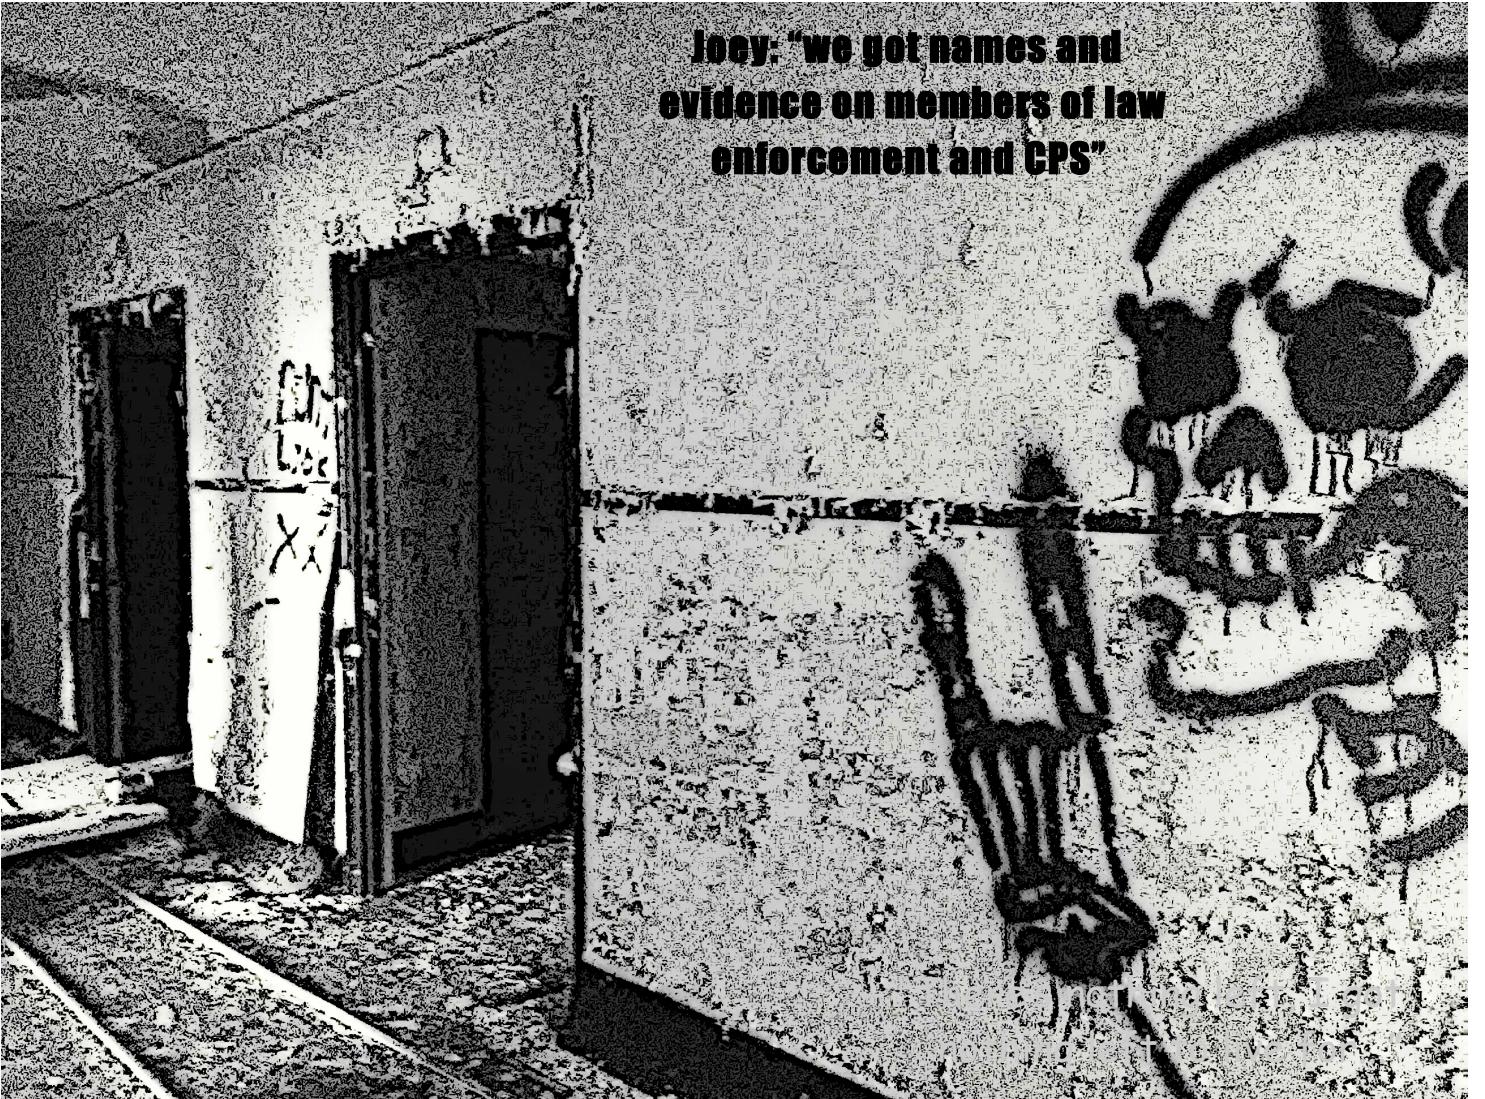

For some reason the spike protein contributed to an uptake or a mutation in the testosterone hormones. The extremist right wing believed that their mandatory vaccines would contribute to a reduction in birth decline. That somehow the side effects were a benefit. The refusers were called weak and childlike. procreation propaganda and pick up your boot straps propaganda took over the alternative right wing media and a conspicuous fascination with transgenderism

# The Zones

750 Miles Northeast from Mount Hope..

**Joey: "we got names and evidence on members of law enforcement and CPS"**

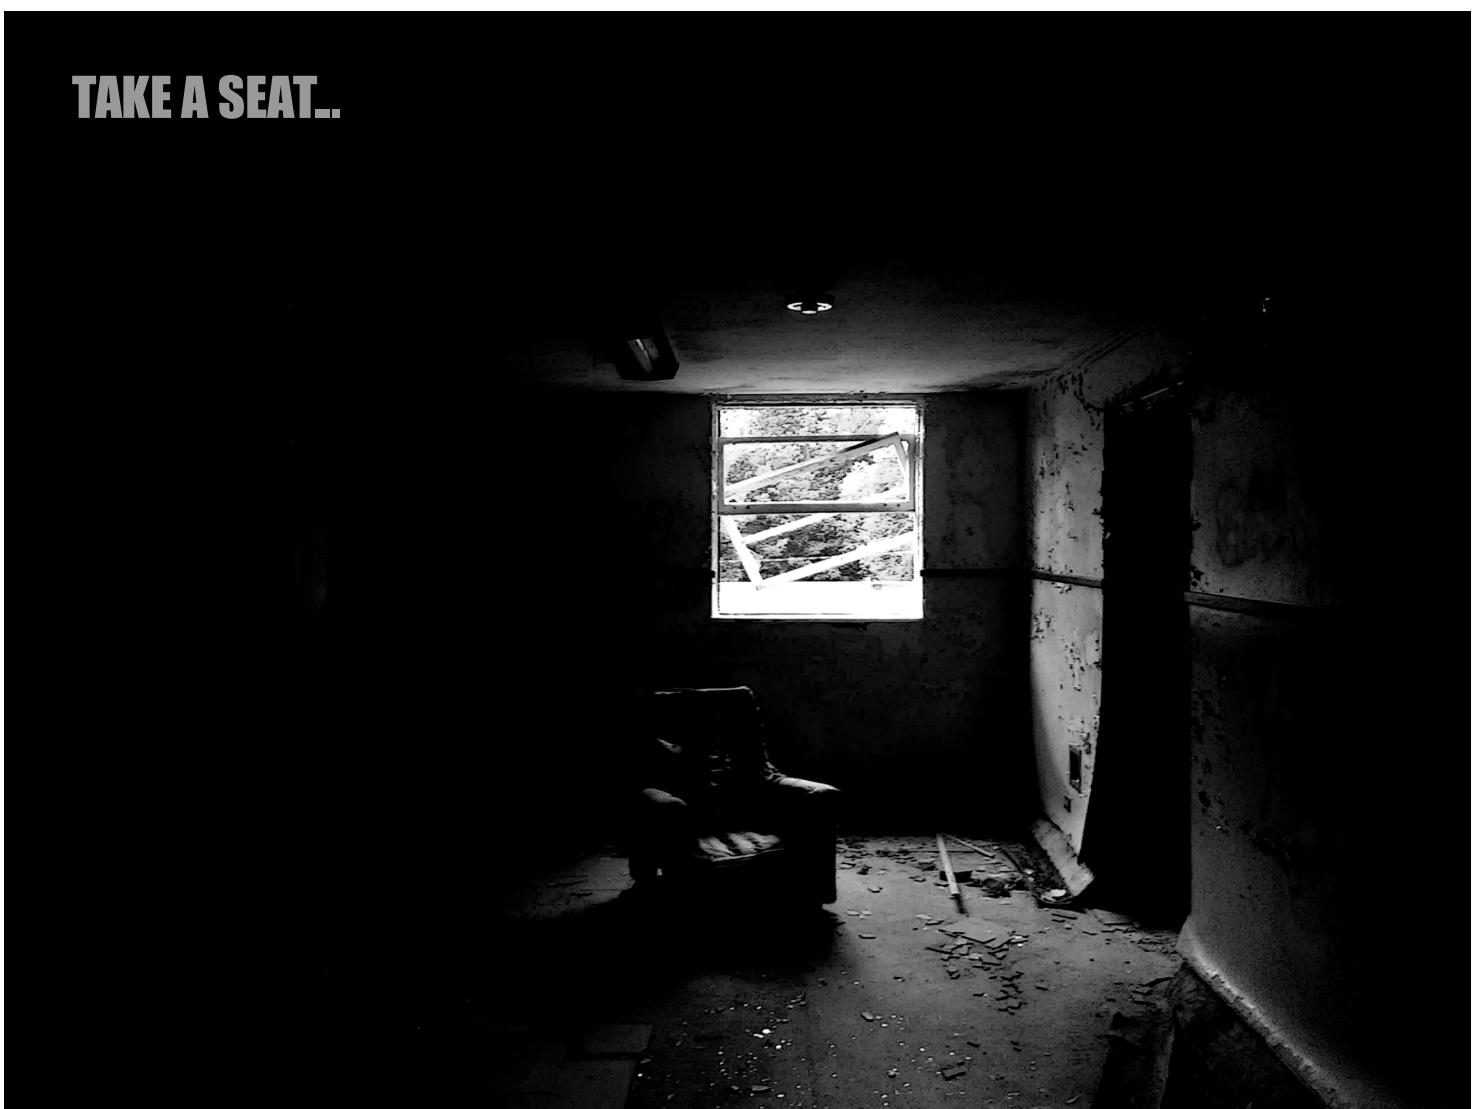

**NO young people in the streets, no music, no sound. After 2021, people starting ending up apparently unaccounted for.**

**So much control, how is it possible?  
Not even a runaway**

**Single occupation, 4-door, monochromatic themed, family style vehicles roam the streets at cyclotronic speed and consistency.**

**What was that story about the man who went hard because he knew he was about to die from cancer?**

**TAKE A SEAT..**

**Joey: “FEMA stopped sending cash for repairs to The Zones.”**

**And that’s when the number of missing children increased?.**

**“Correct!”**

**“This region is an abandoned disaster site”**

**Isn’t that like some form of Human Sacrifice?**

**“I’m not tryin’ to do the tinfoil hat thing... but....”**

**Underrepresented youth with potentially unique characteristics**

**“All I’m sayin’ man, is when my  
daughter started taking the meds, she  
hasn’t been the same... like a Zombie.”**

**The entire US population began repeating each other... it was as if so many had lost their individual cognizance and Joey was displaying ZERO signs of the Affliction including varying styles of similarly themed strange associations and unusual bodily comments. No animal references, as the effected began to view the uninfected as 'animals.'**  
**Schizophrenic rigid thinking and dichometrical thought patterns and a form of disassociation which causes individuals to see each other as other dimensions of themselves, or unreal. Always in reference to SELF. No ability to acquire external reference. A kind of pathological Narcissism— islands floating on a river in space.**

**Hang onto a memory or a song, it can pull you through it. "You have to have a strong mind to escape this Matrix." The chemical incursion targets the memory for this reason. Those with a STRONG attention span are thus labeled with ADHD ironically, as an inversion. "The programmers repeat phrases such as, 'don't overthink it.' 'DON'T OVERTHINK!!!' DON'T... OVER... THINK.'**

**'You must be Autistic...' ...'autistic, autistic.'**  
**The effected begin repeating this. Believing themselves to be.**

A PASSERBY NOTICED A DEAD MAN AND KEPT WALKING.

THE AFFLICTED CANNOT FEEL EMOTION

**THEIR SKIN TURNED GREY  
FETISHIZE VIOLENCE**

**MEMORY LOSS**

JAMES, WAKE

SHITFACED!!???

HIS BODY WAS MY ANCHOR... MY  
TRUTH. I DIDN'T WANT AN ANSWER, I  
COULDN'T BARE IT, BUT I NEEDED HIM  
TO MOVE...

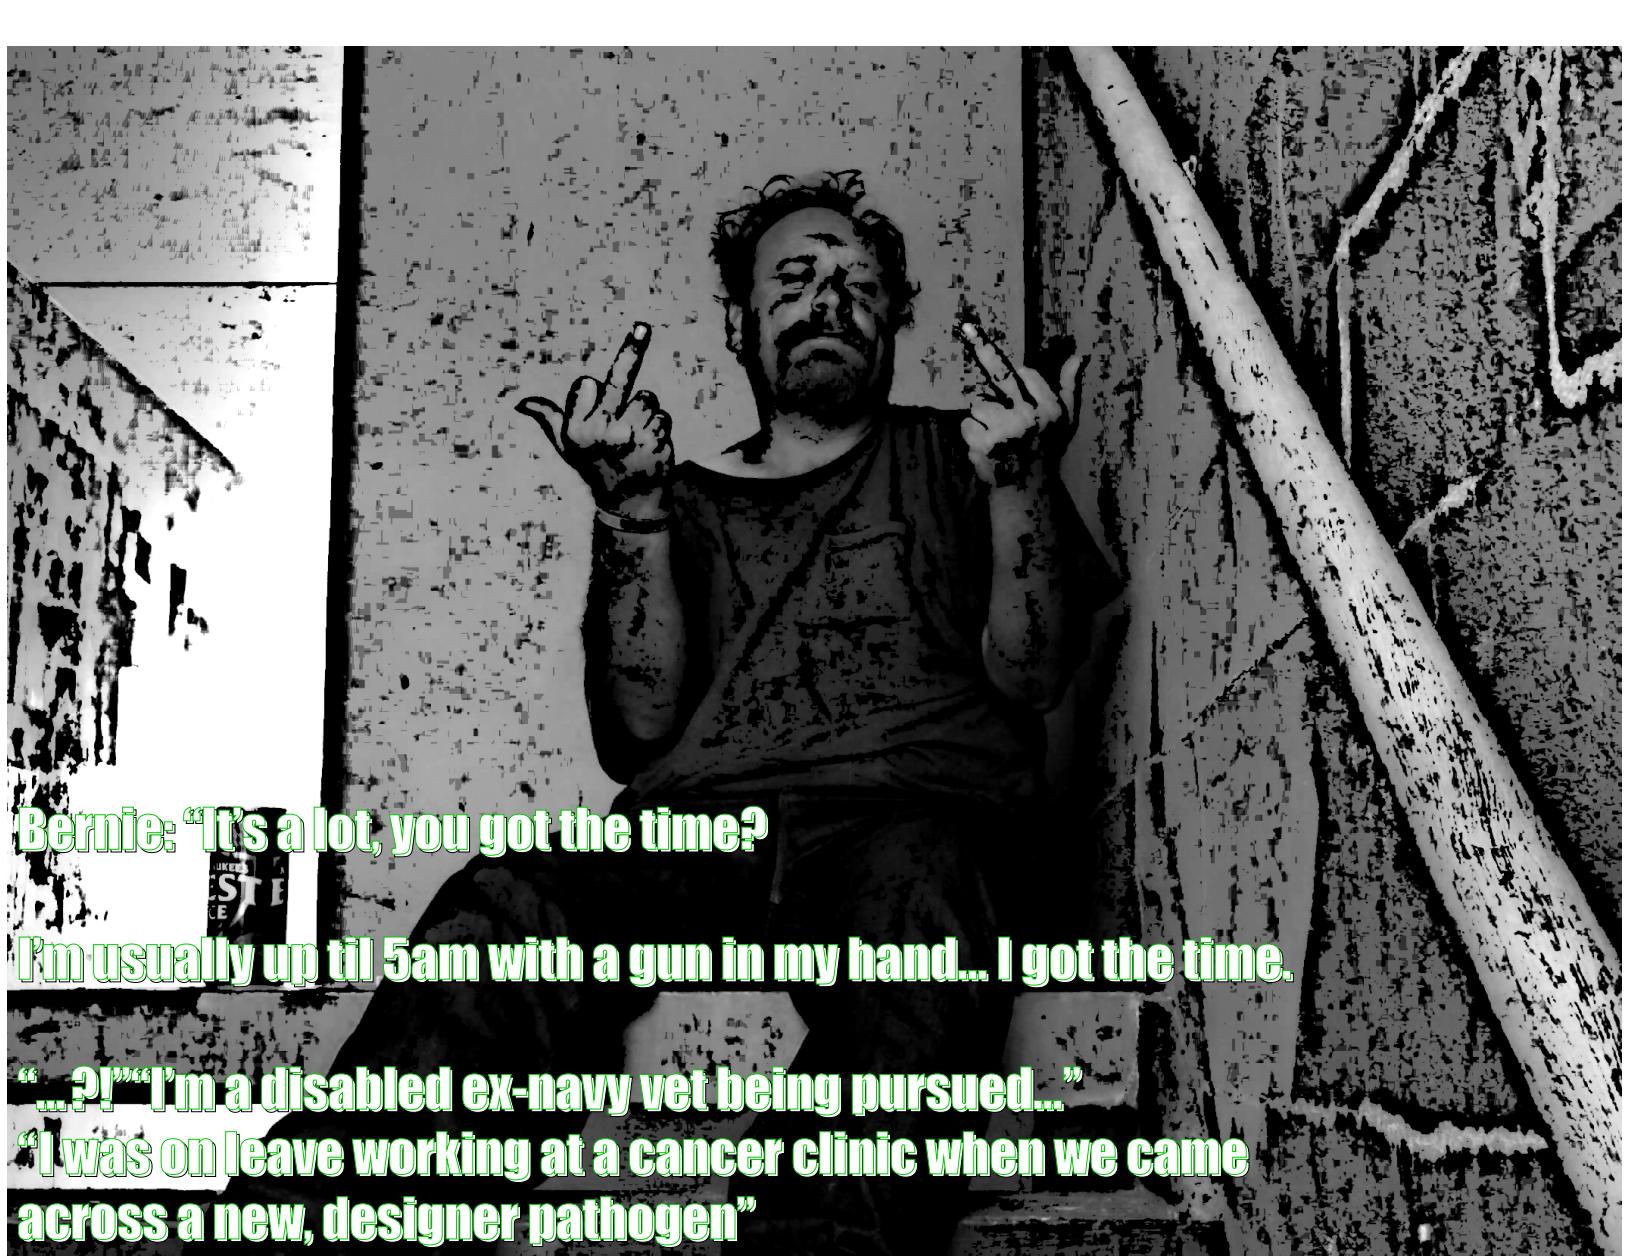

**We got a call from out West**

**Or what was left of it after  
the year long food riots...**

**New Bernie, In the Union of New California... more  
disappearances... claims of Mind Kontrol  
experiments...**

**“I need you to sit in on this one”**

**Bernie: "It's a lot, you got the time?"**

**I'm usually up til 5am with a gun in my hand... I got the time.**

**"...?" "I'm a disabled ex-navy vet being pursued..."**

**"I was on leave working at a cancer clinic when we came across a new, designer pathogen"**

**"The men in black showed up..."**

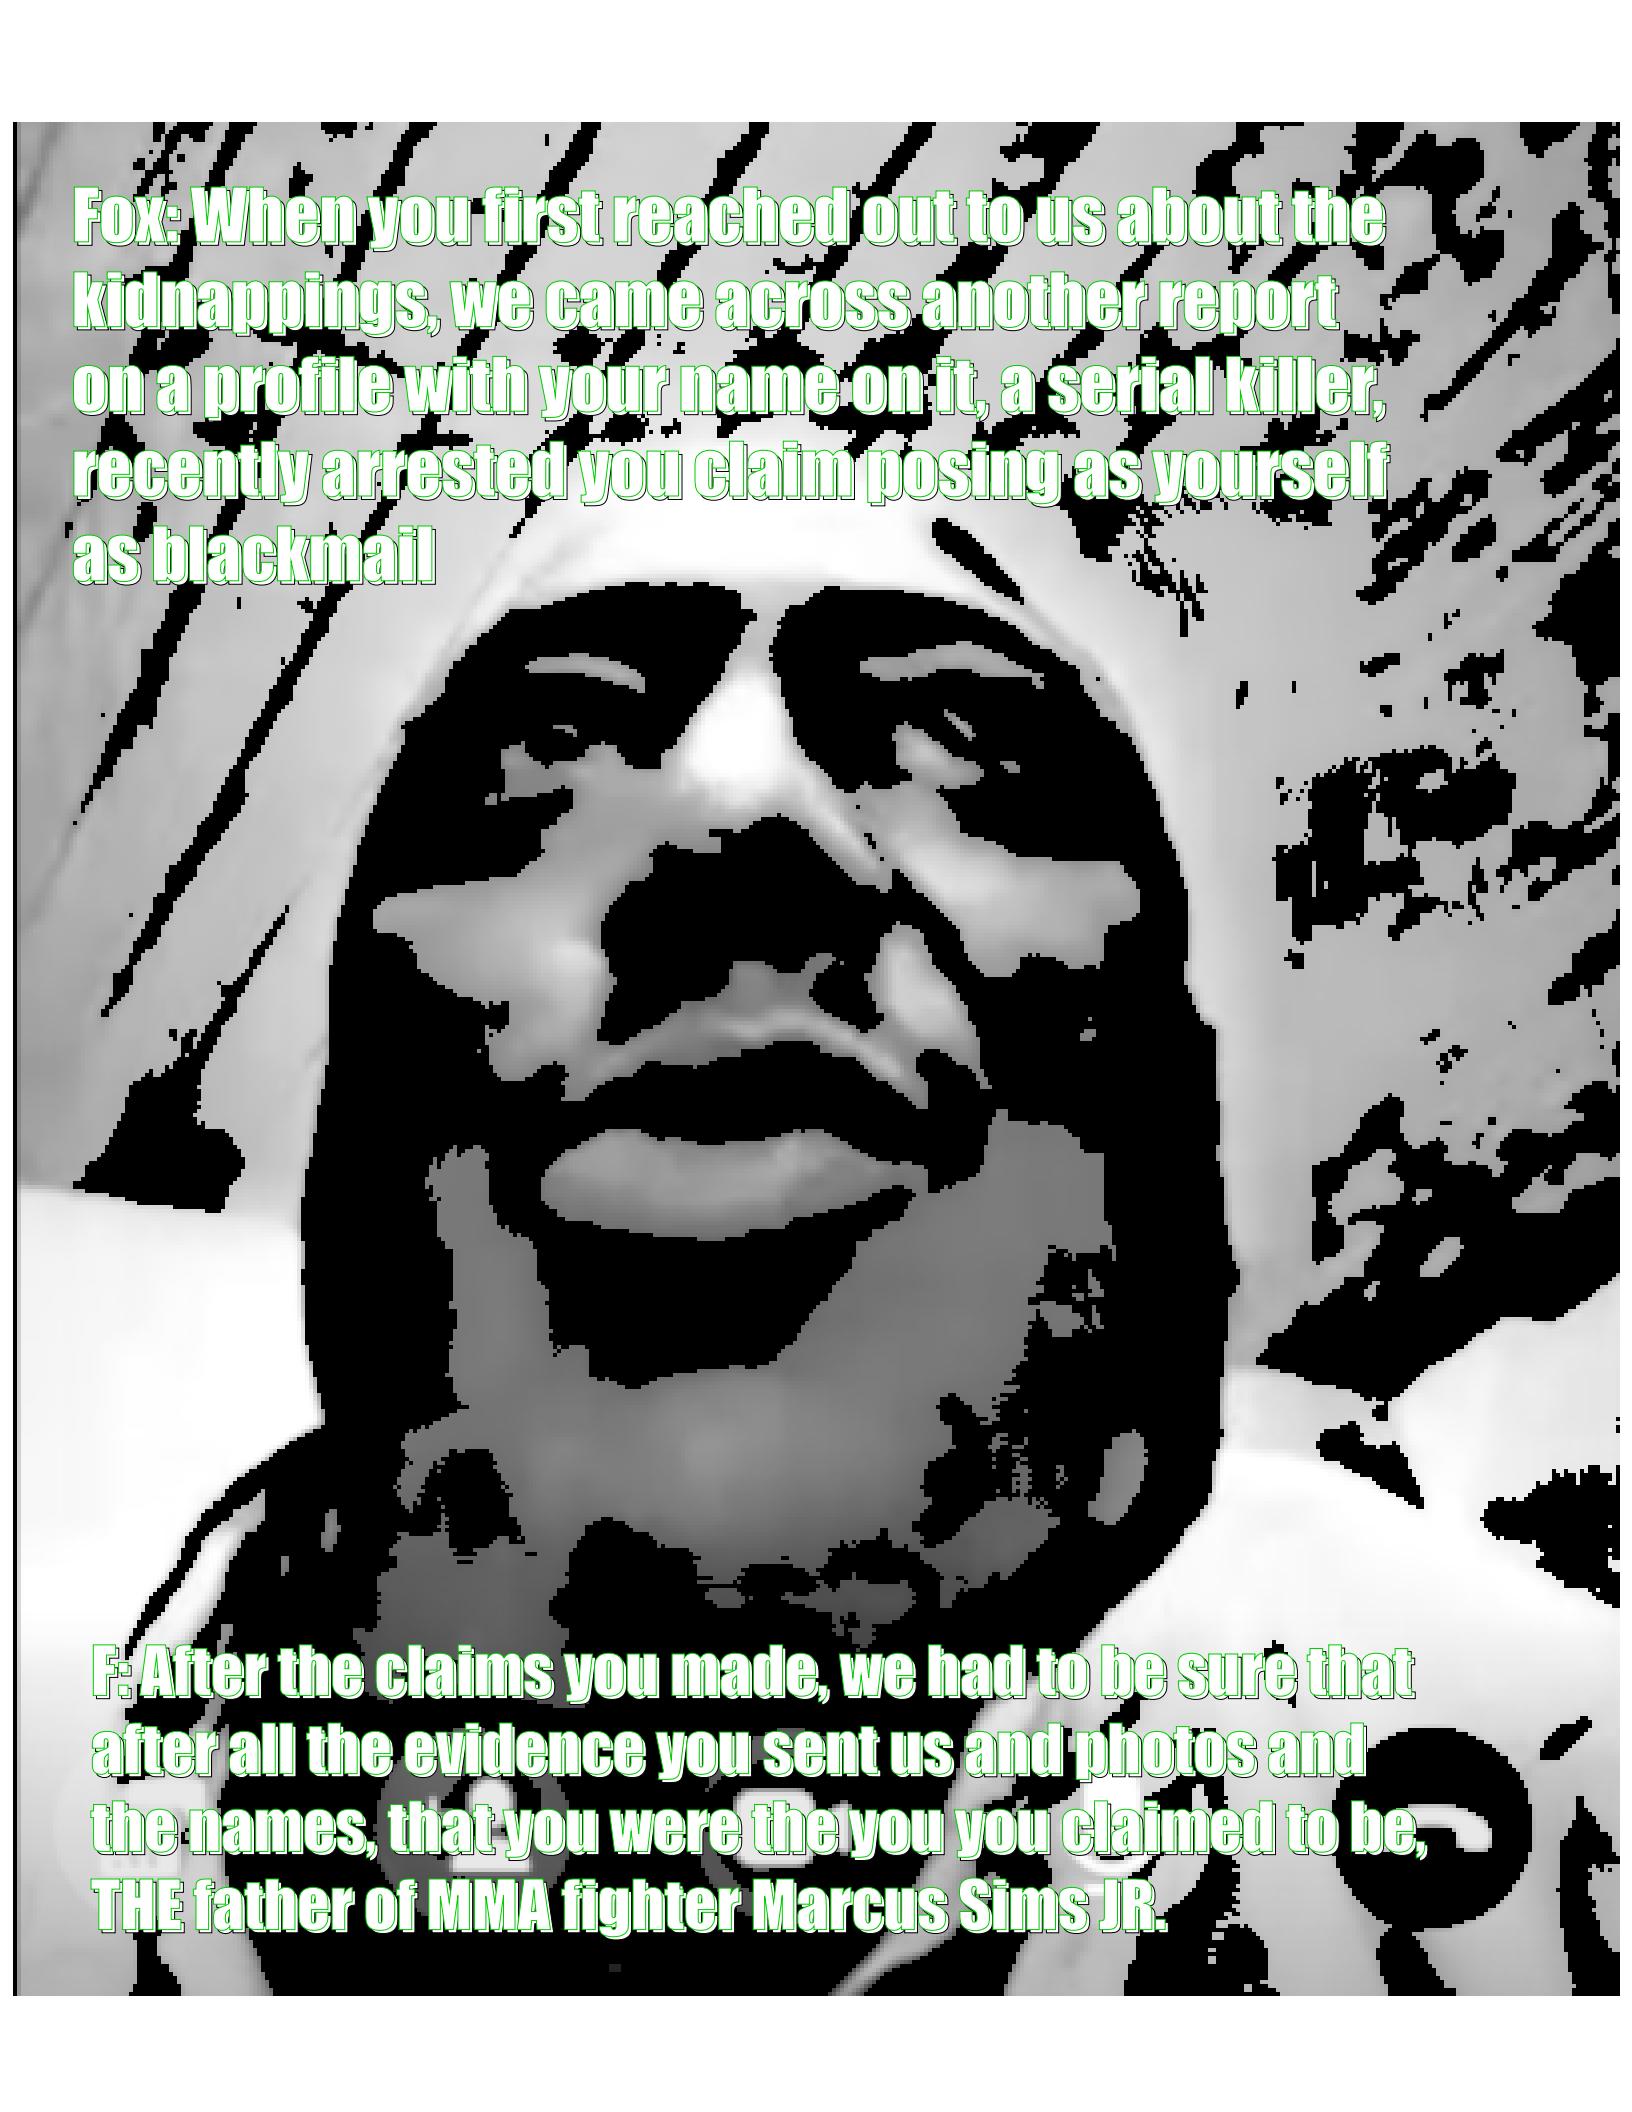

**"...ran off the job site... gettin' shot at"**

**"I was taken... into an institution and  
had a silver dollar sized hole drilled in  
my head"**

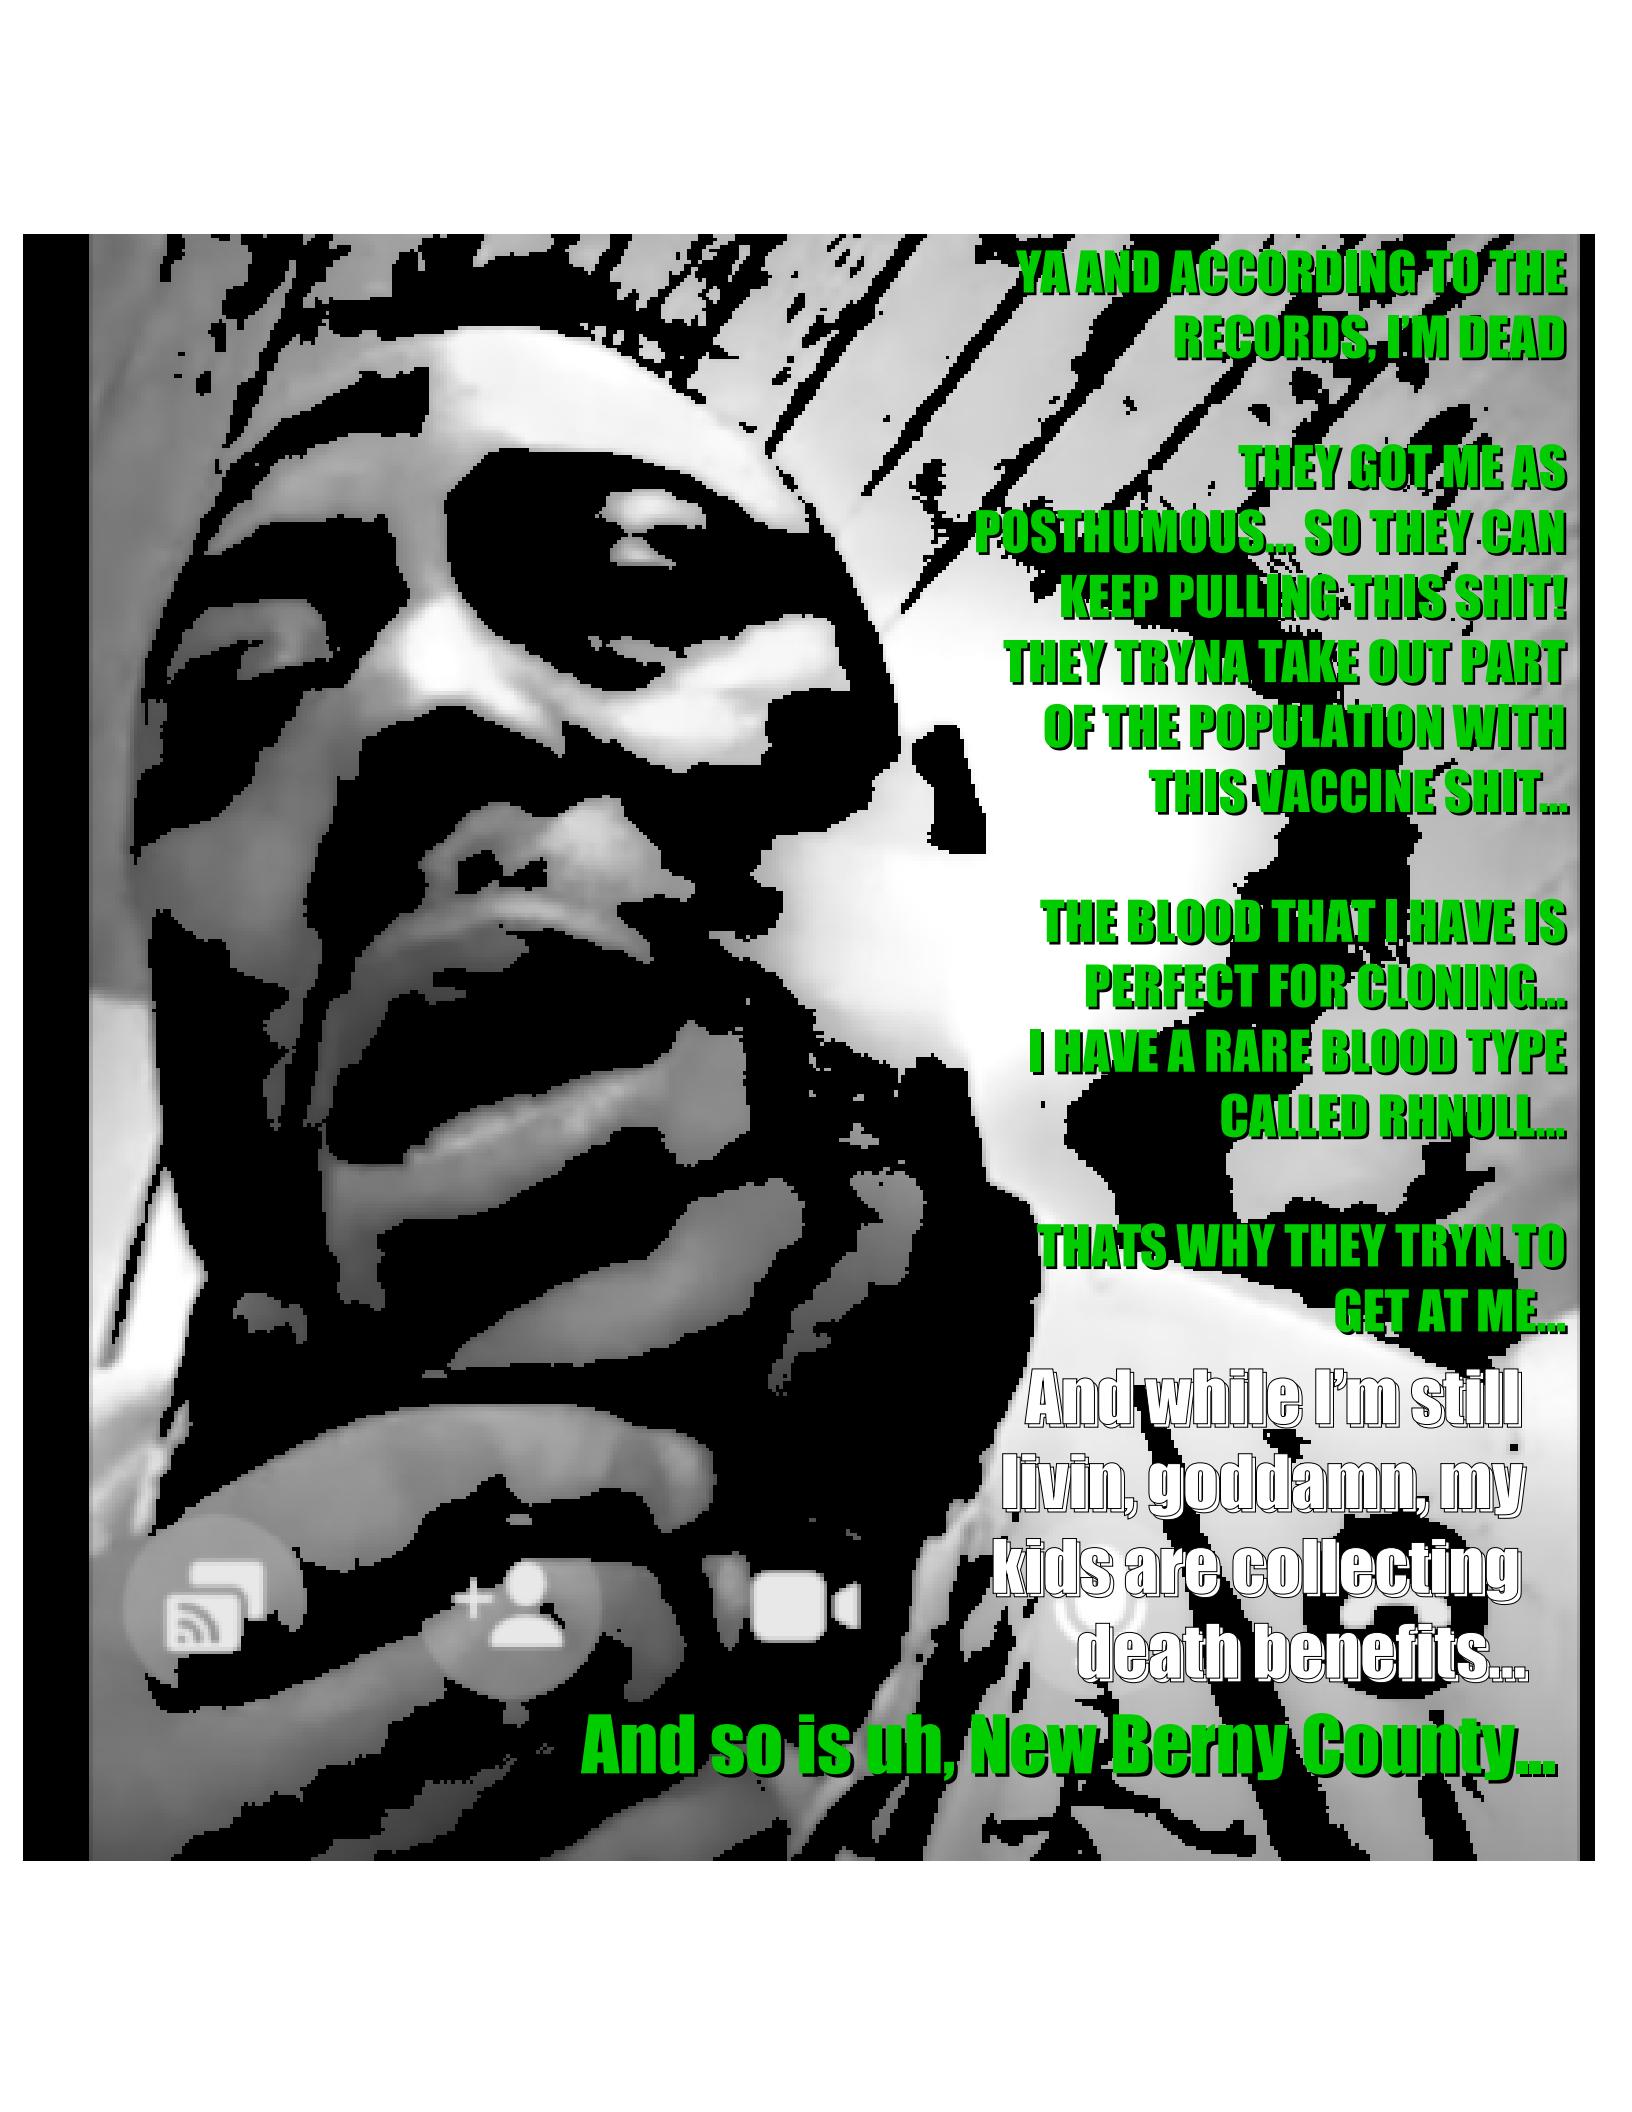

HOLY SHIT IT REALLY IS YOU!!!

**Fox:** When you first reached out to us about the kidnappings, we came across another report on a profile with your name on it, a serial killer, recently arrested you claim posing as yourself as blackmail

**F:** After the claims you made, we had to be sure that after all the evidence you sent us and photos and the names, that you were the you you claimed to be, THE father of MMA fighter Marcus Sims JR.

YA AND ACCORDING TO THE

NASTY DOOKIE FUCK, DID YOU GET  
ANY OF THAT WET SHIT INSIDE THE  
HOLE?

**3 Generations of molding the population resulted in a program to compel the damaged to project their own autism at the few left who could still think. ALL intellectuals were labeled as mentally retarded and held captive by the state and by their communities**

**All systems of Kontrol result in the same outcome...**

**FASCISM**

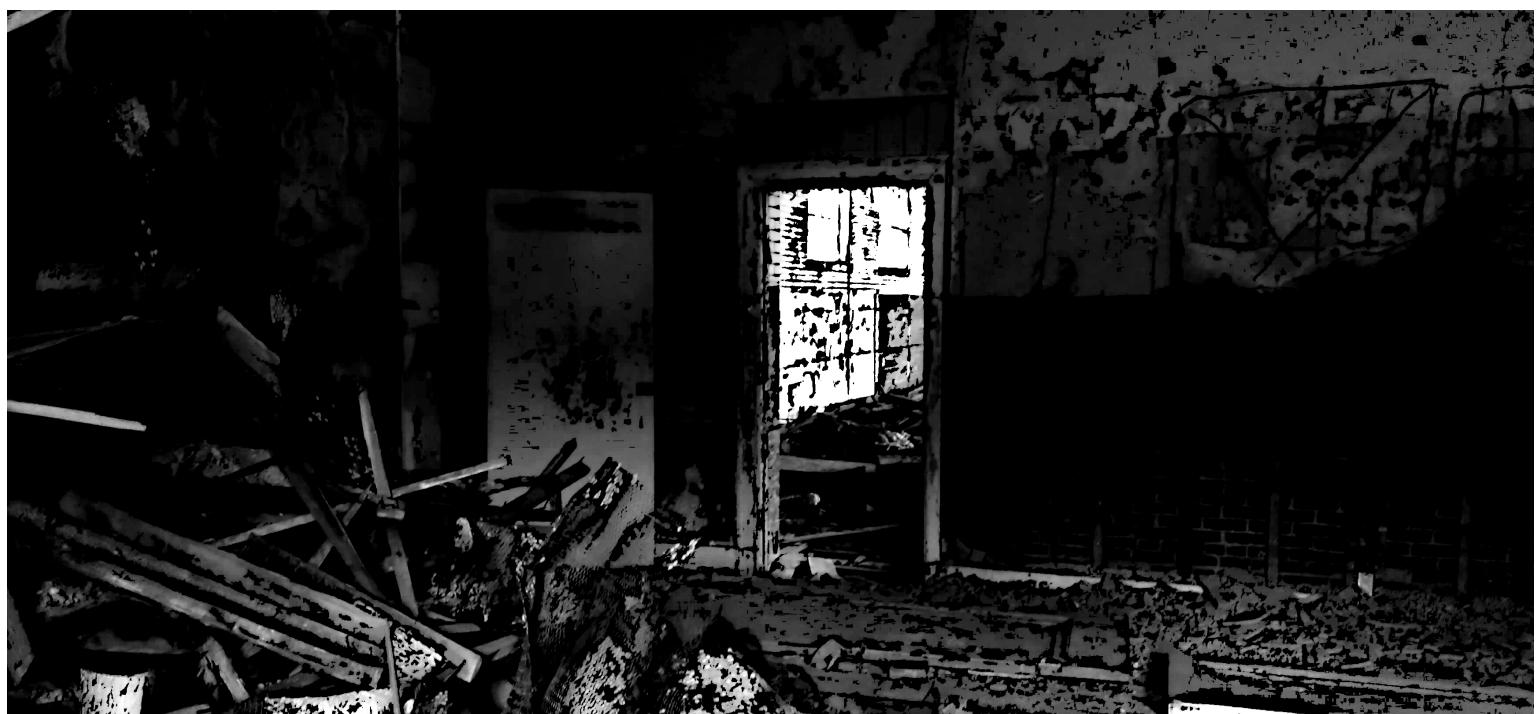

**Me and Mike were the Last nomads left, we had to keep moving or they would come for us...**

**THEY WOULD ALWAYS COME...**

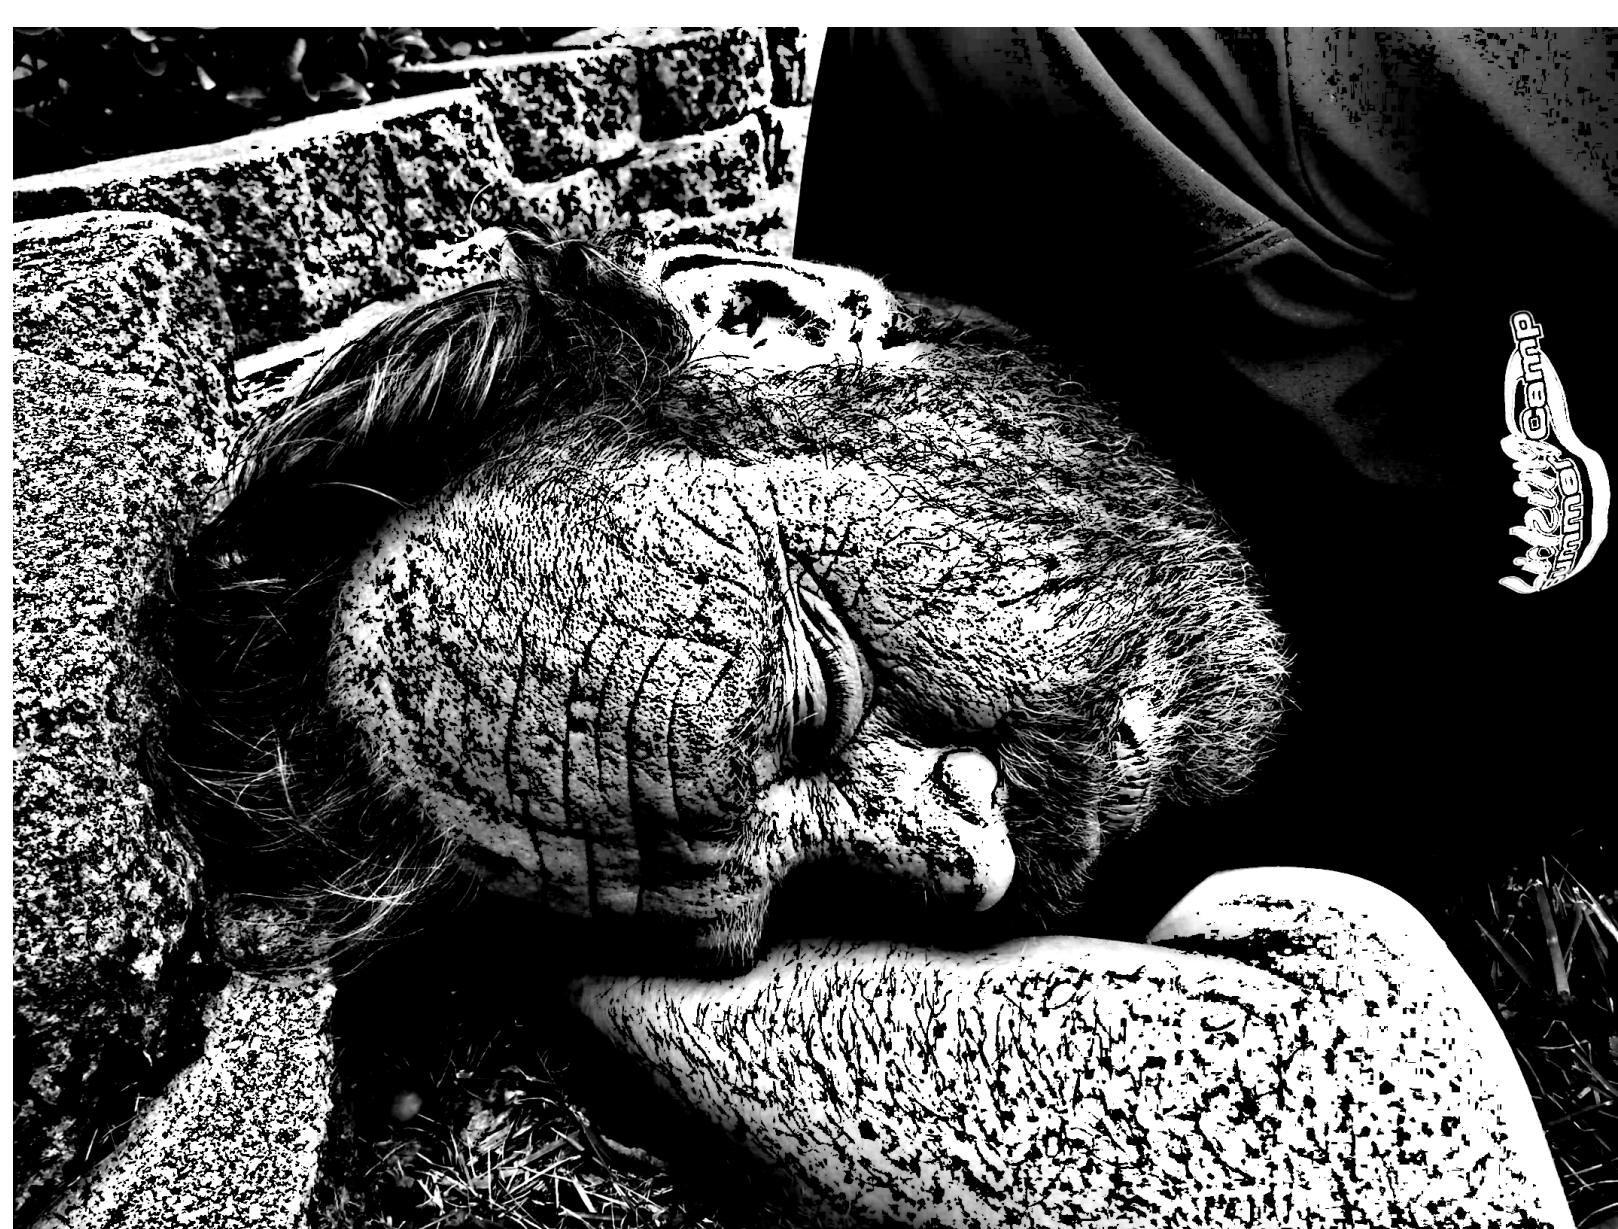

How long you think  
we can do this, D?

AS LONG AS  
WE HAVE TO...

I'm gettin' old...

**TO BE CONTINUED...**
